

Iowa

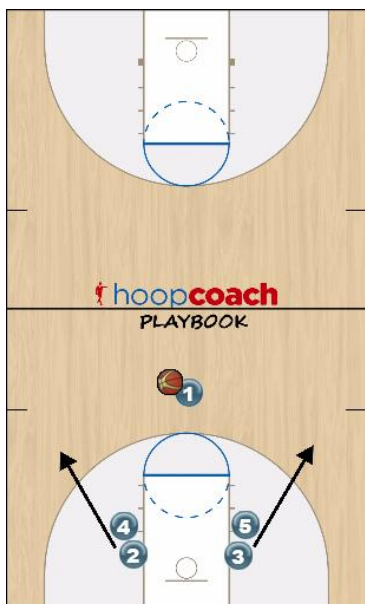

Initial Set

**Players closest to the ball (4,5)
pick for those furthest from the
ball**

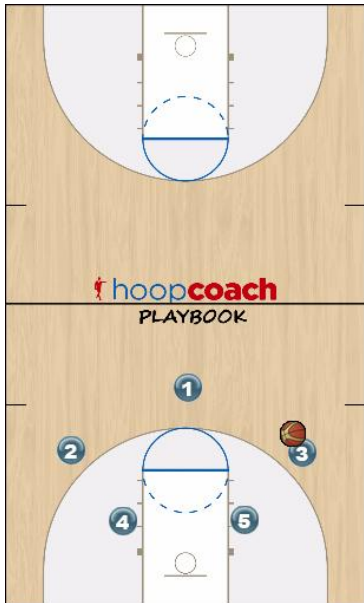

Players furthest from the ball wait for the picks then cut to the area their pick came from

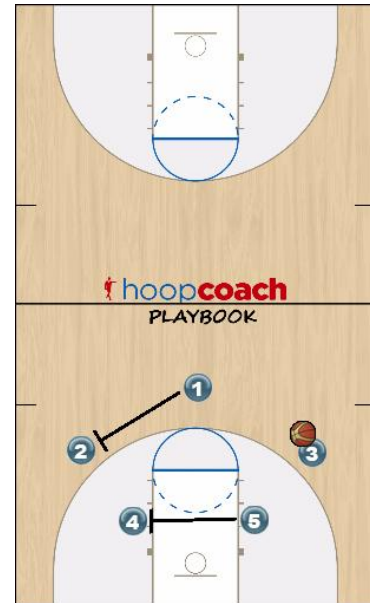

Player 1 passes to one of the cutters, while Players on the low blocks look to post up

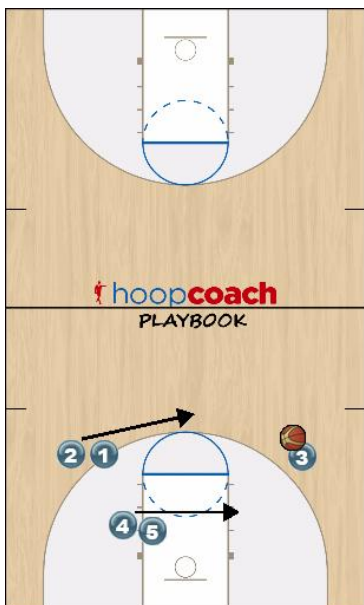

Player 3 looks to shoot, drive or feed the post if an opportunity exists

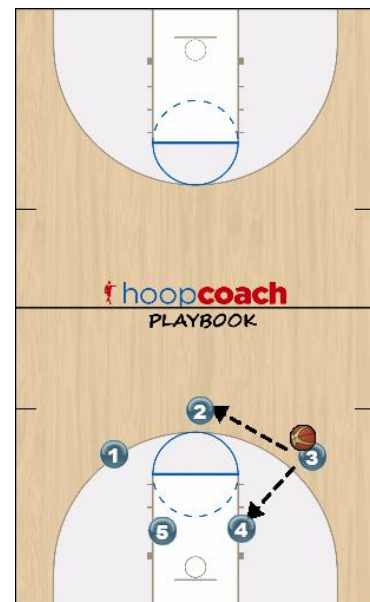

Players closest to the ball (1,5) set picks for those furthest from the ball

Players furthest from ball (2,4) wait for picks and then cut to the ball

Player 3 passes to an open cutter

If the ball goes into the post, they try to score. If it goes up top, then the players closest to the ball pick away again
