

## Motion

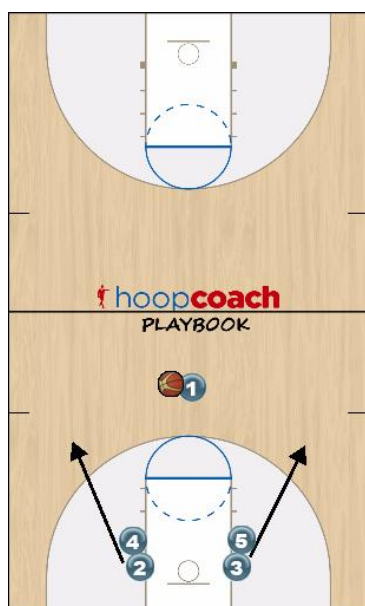

### Initial Set

**Players closest to ball pick for those furthest away**

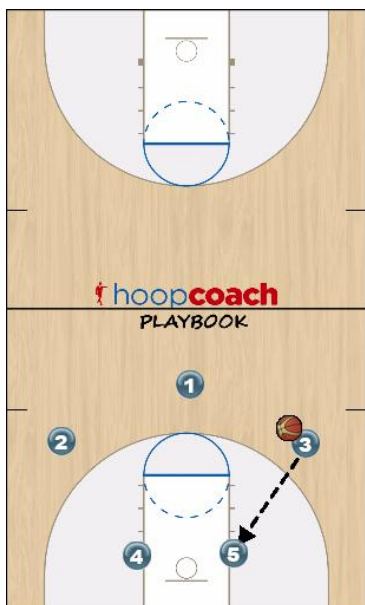

**Players furthest away WAIT for pick then cut to perimeter for pass**

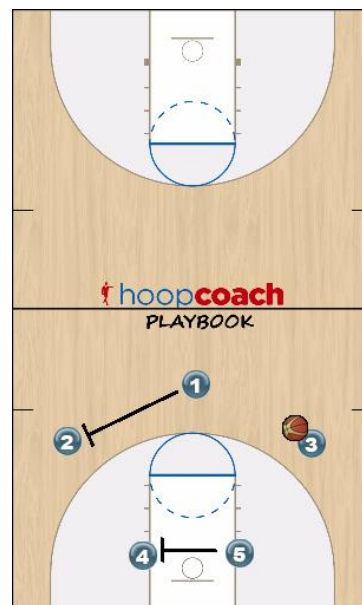

**Player 1 passes to cutter who is open, while players on the block try to post up**

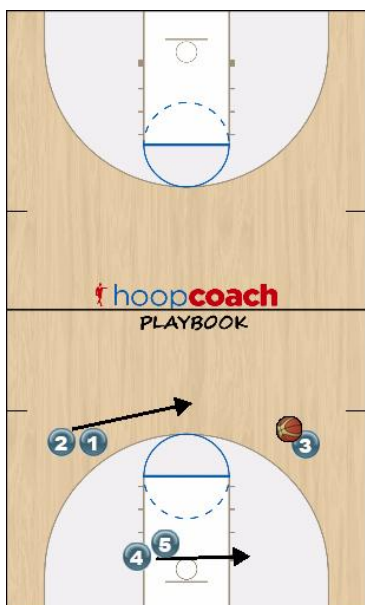

**When wing gets the ball they look to shoot, drive, or pass to the post**

**Players closest to ball pick away for those furthest from ball**

**Players furthest from ball WAIT for pick then cut to the area the pick came from**

**Wing player looks to feed the post cutter, then the perimeter cutter**

**If the post gets it, they try to score. If the player at the top gets it, the offense starts over with picks**
